

# Annual Report

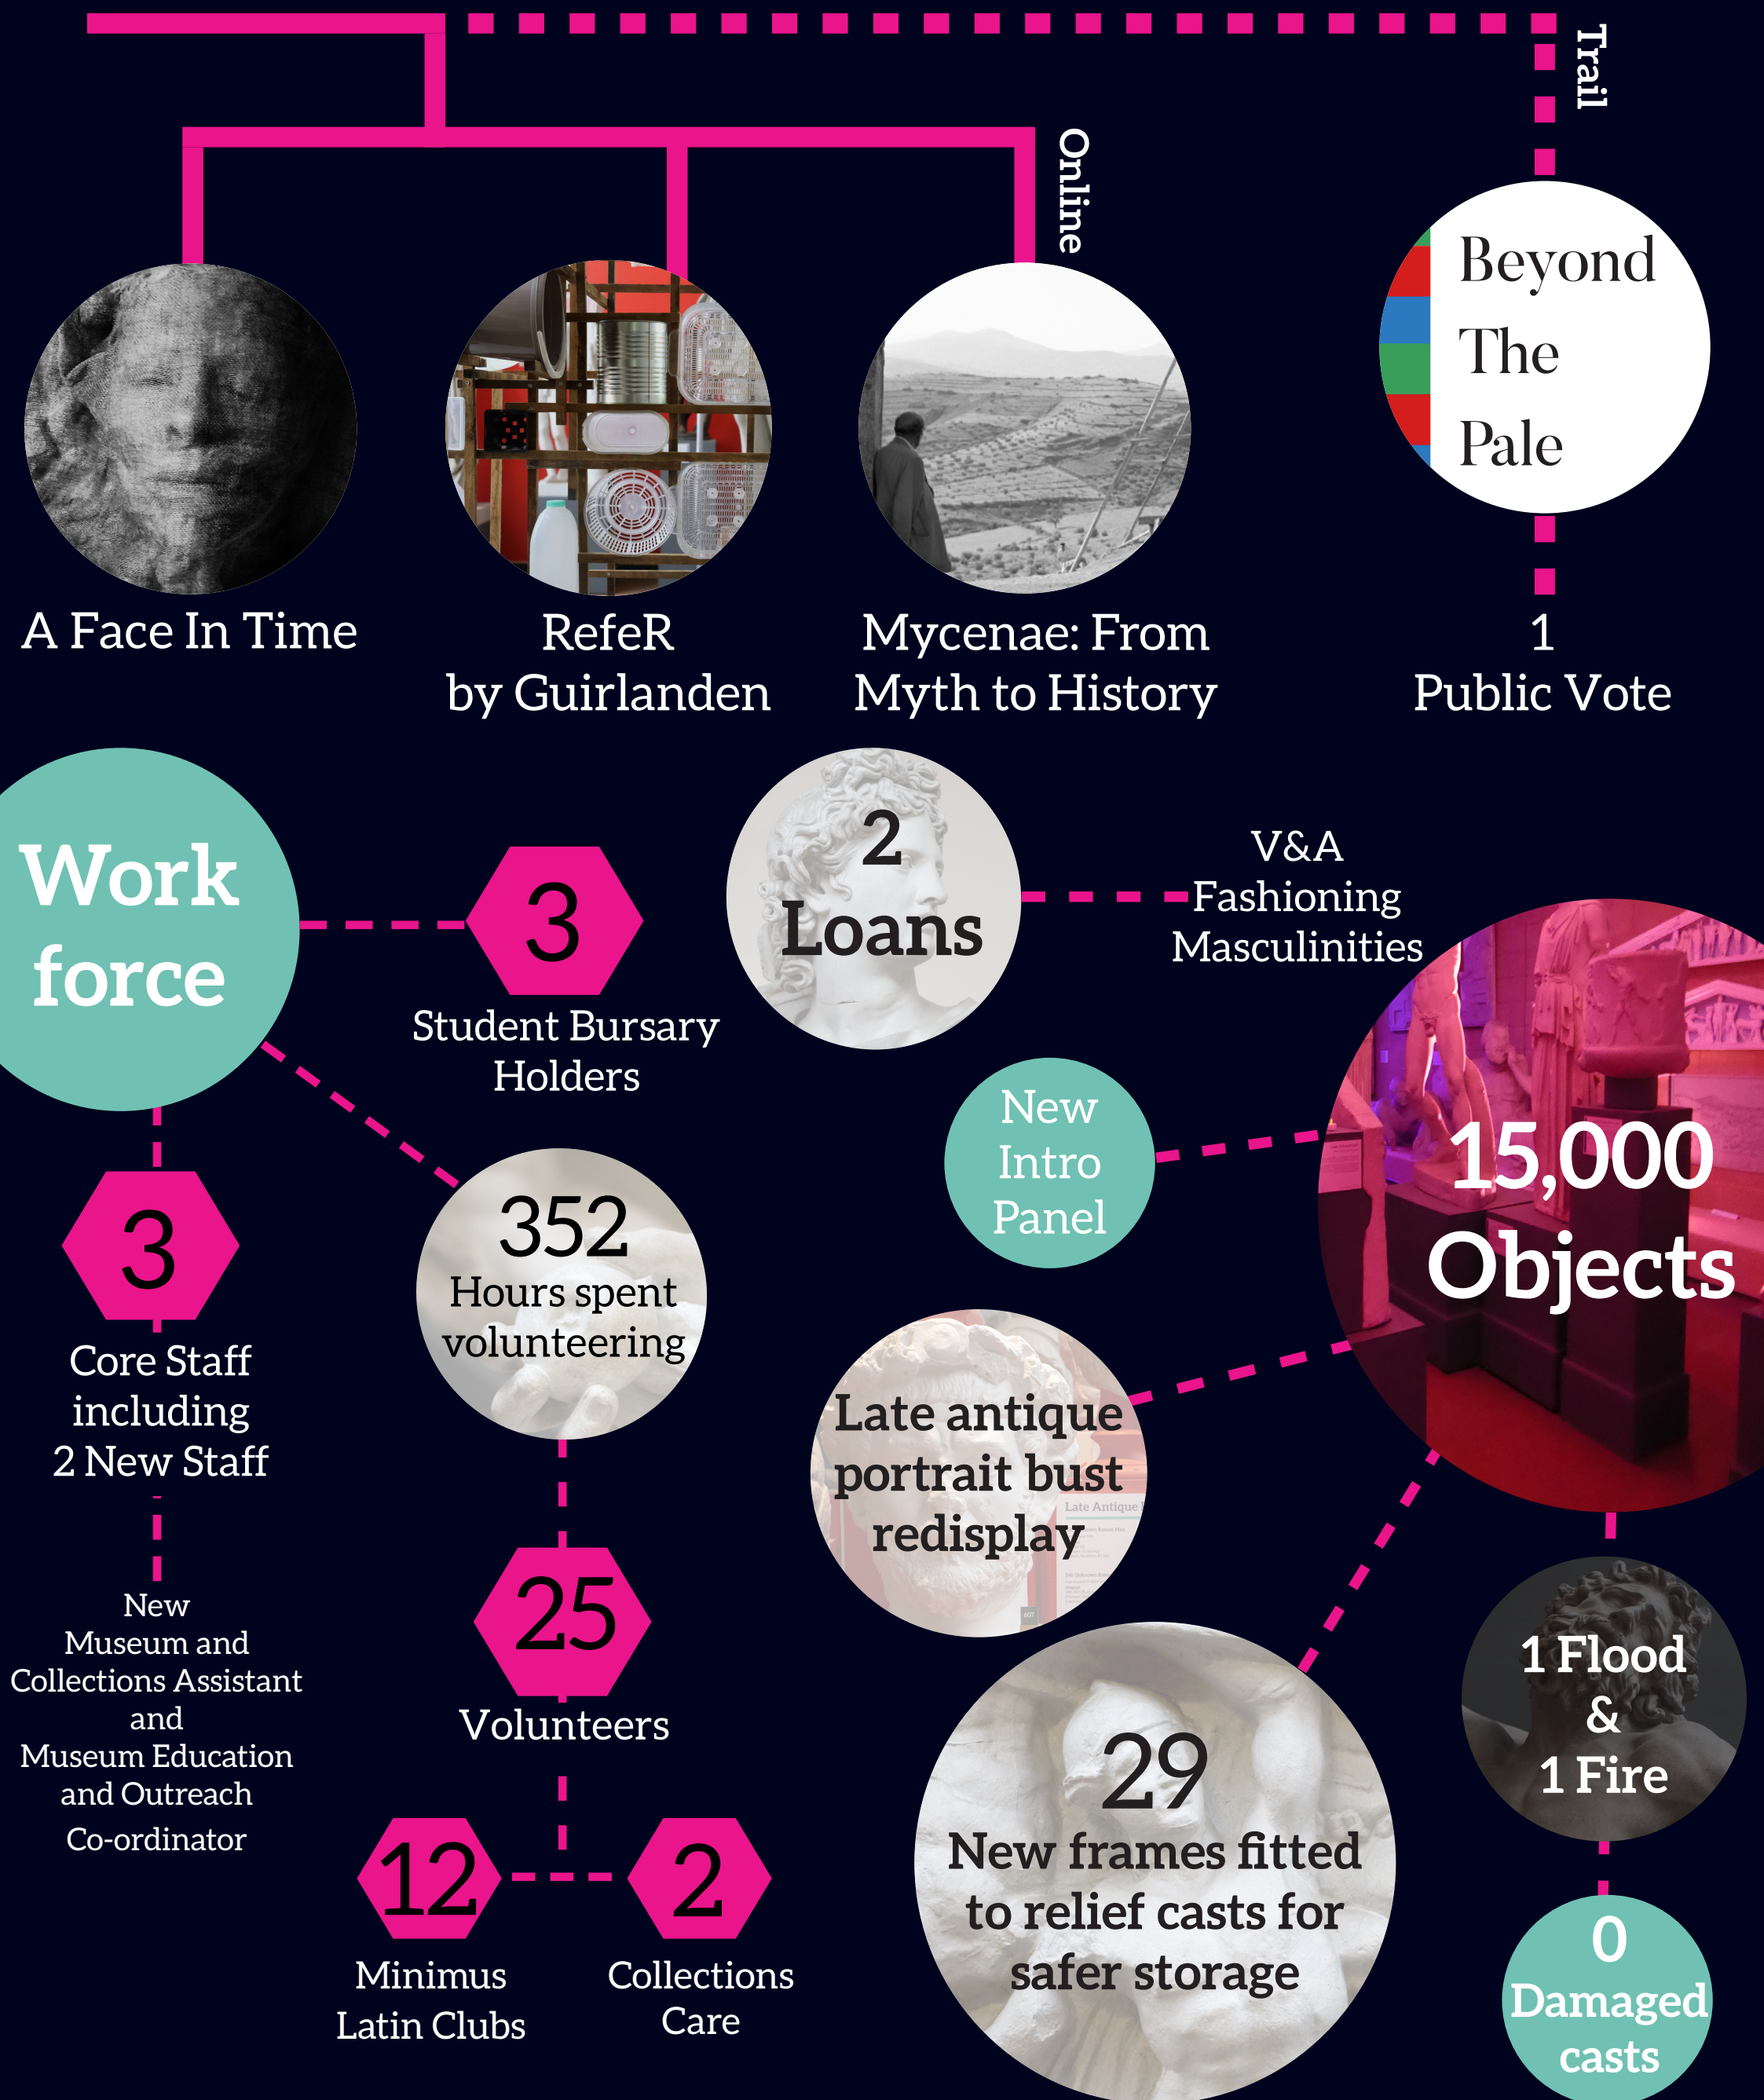

This year, the Museum of Classical Archaeology has seen a welcome and steady return to regular services: from the start of October opening hours returned to pre-pandemic levels and in-gallery school visits were back in play. By April, we had reintroduced a small number of in-person events, and this summer we began to welcome in-person volunteers.

Figures taken from:  
*October 2021–September 2022*
