

2022-
23

Museum of Classical Archaeology Annual Report

This year our events programme returned with a bang! We delivered a full roster of family events, styled willing volunteers hair into ancient styles in front of an audience, and developed new content to relaunch our Bridging Binaries LGBTQ+ tours.

We also hosted two contemporary art exhibitions and three temporary displays, including *The Director's Cut* a display featuring hidden gems from our store. To cap it all off, we planned our first ever student exhibition, which opened in October 2023.

11,487 Visitors

From Oct 2022-Sept 2023
