

**Marie Skłodowska-Curie Actions (MSCA-PF)**  
**Deadline: 13<sup>th</sup> September 2023**

**Information for Part B of the Proposal**

The information provided below should be used to help you complete Part B, Section 5 of the MSC-PF proposal. Please use your own wording but ensuring that the data (statistics) provided below remains the same.

**5. Capacity of the Participating Organisations**

All organisations (whether beneficiary or partner organisation) must complete the table below. Complete one table of **maximum one page for the beneficiary** and **half page per partner organisation** (min font size: 9). Experts will be instructed to disregard content above this limit.

**The Chancellor, Masters & Scholars of the University of Cambridge**

<p><b>General Description</b>  <i>*A short description of the University with further details and expertise by the Department/School.</i></p>	<p><b>Example of how to describe Cambridge:</b> The University of Cambridge is one of the most renowned Research /Higher Education Institute and is frequently ranked amongst the top 5 in international academic rankings such as ARWU and Shanghai Ranking. It has a long standing history of academic and scientific excellence backed up with rich culture, learning, research and creativity. Many affiliates of University of Cambridge have won Nobel Prizes for their significant advances. Cambridge University is also a major participant in European projects and was one of the top recipients of FP7 and H2020 funding. Other common facility, such as the University Library is a major scholarly resource and it holds approximately 8 million items.  <i>*(University Library information, may be used if relevant to your proposal. Department should add information relating to current and recent grants held by Department/ School/PI -- especially include those grants which might have started in the last 6-12 months.</i></p>
<p><b>Role and Profile of Supervisor</b>  <i>Including names, title and the foreseen extent of involvement -in percentage of full-time employment - of the key scientific staff who will be involved in the research, training and supervision</i></p>	<p>To be completed by PI/Fellow as this is 'specific' to the project.  <i>*(Including names, title, qualifications of the supervisor and other members of staff [preferably noting their role] who will be actively involved with the department.)</i></p>

<p><b>Key Research Facilities, Infrastructure and Equipment</b></p> <p><i>Demonstrate that the beneficiary has sufficient facilities and infrastructure to host and/or offer a suitable environment for training and transfer of knowledge to the recruited experienced researcher.</i></p>	<p>To be completed by Department as this is a 'department specific' question.</p> <p><b>Note</b> -However, that UCAM is the host institution, so reference to facilities to be used by the PF which are in other departments should also be made.</p> <p><i>*(Demonstrate that the team has sufficient facilities and infrastructure to host and/or offer a suitable environment for training and transfer of knowledge to recruited Researcher.)</i></p>
<p><b>Previous and current involvement in research and training programmes</b></p> <p><i>Indicate up to 5 <b>relevant</b> EU, national or international research and training actions/projects in which the beneficiary has previously participated and/or is currently participating</i></p>	<p>The University of Cambridge was involved with 757 Horizon 2020 projects. This total consists of 363 Marie Skłodowska-Curie Action grants, 212 ERCs and other EU funded projects. UCAM has also been involved with 168 proposals which have been successfully awarded under Horizon Europe in the years 2021-2022 (results are ongoing).</p>

**Please ensure the final submitted table is maximum of one page.**
