News

New Acquisition: The Terme Boxer

<http://www.classics.cam.ac.uk/news/Terme-Boxer> In December, the Museum welcomed a new cast: The Terme Boxer. Beginning life as a bright-white plaster cast, the Terme Boxer

has been recently restored by former Fitzwilliam Museum technician Bob Bourne; his transformation from chalky whiteness to burnished bronze gives visitors the chance to see a magnificent replica of Hellenistic Greek sculpture up close and personal. Want to see it happen? You can! View the video here: <https://www.youtube.com/watch?v=WJiOrPSWreY>
