

# ROMAN NUMBERS

Learn Latin with MoCA  
Lesson 1

**Hello Friends!**

**Today, we will discover together the world of  
Roman numbers!**

**Can you guess what number it is by looking at the  
drawings?**

**Go to the next page and find out!**

**You will find the Roman numbers, their names in Latin  
and some soldiers to help you figure out what numbers  
they are**

**I Unus**

**VI Sex**

**II Duo**

**VII Septem**

**III Tres**

**VIII Octo**

**IV Quattuor**

**IX Novem**

**V Quinque**

**X Decem**

Well Done!

**WELL DONE,  
SOLDIER!**

**Are you sure you can remember all those  
names and numbers?**

**Go to the next page and find out with  
our activity!**

# Connect the Bubbles

with a line: make sure that the numbers match their Latin name!

A collection of 15 light blue circular bubbles, each containing a number and its corresponding Latin name in parentheses. The bubbles are arranged in a circular pattern. The numbers and Latin names are: 1 (I), 2 (II), 3 (III), 4 (IV), 5 (V), 6 (VI), 7 (VII), 8 (VIII), 9 (IX), 10 (X), 11 (XI), 12 (XII), 13 (XIII), 14 (XIV), and 15 (XV). The bubbles are connected by lines, forming a circular path. The background features a faint, stylized illustration of a Roman archway and a purple banner on the right side.

Number	Latin Name
1	I
2	II
3	III
4	IV
5	V
6	VI
7	VII
8	VIII
9	IX
10	X
11	XI
12	XII
13	XIII
14	XIV
15	XV

# What are Ordinal Numbers?

**YOU'RE INCREDIBLE!  
YOU ARE ALREADY  
LEARNING SO MUCH!**

**Let's go a little further now!**

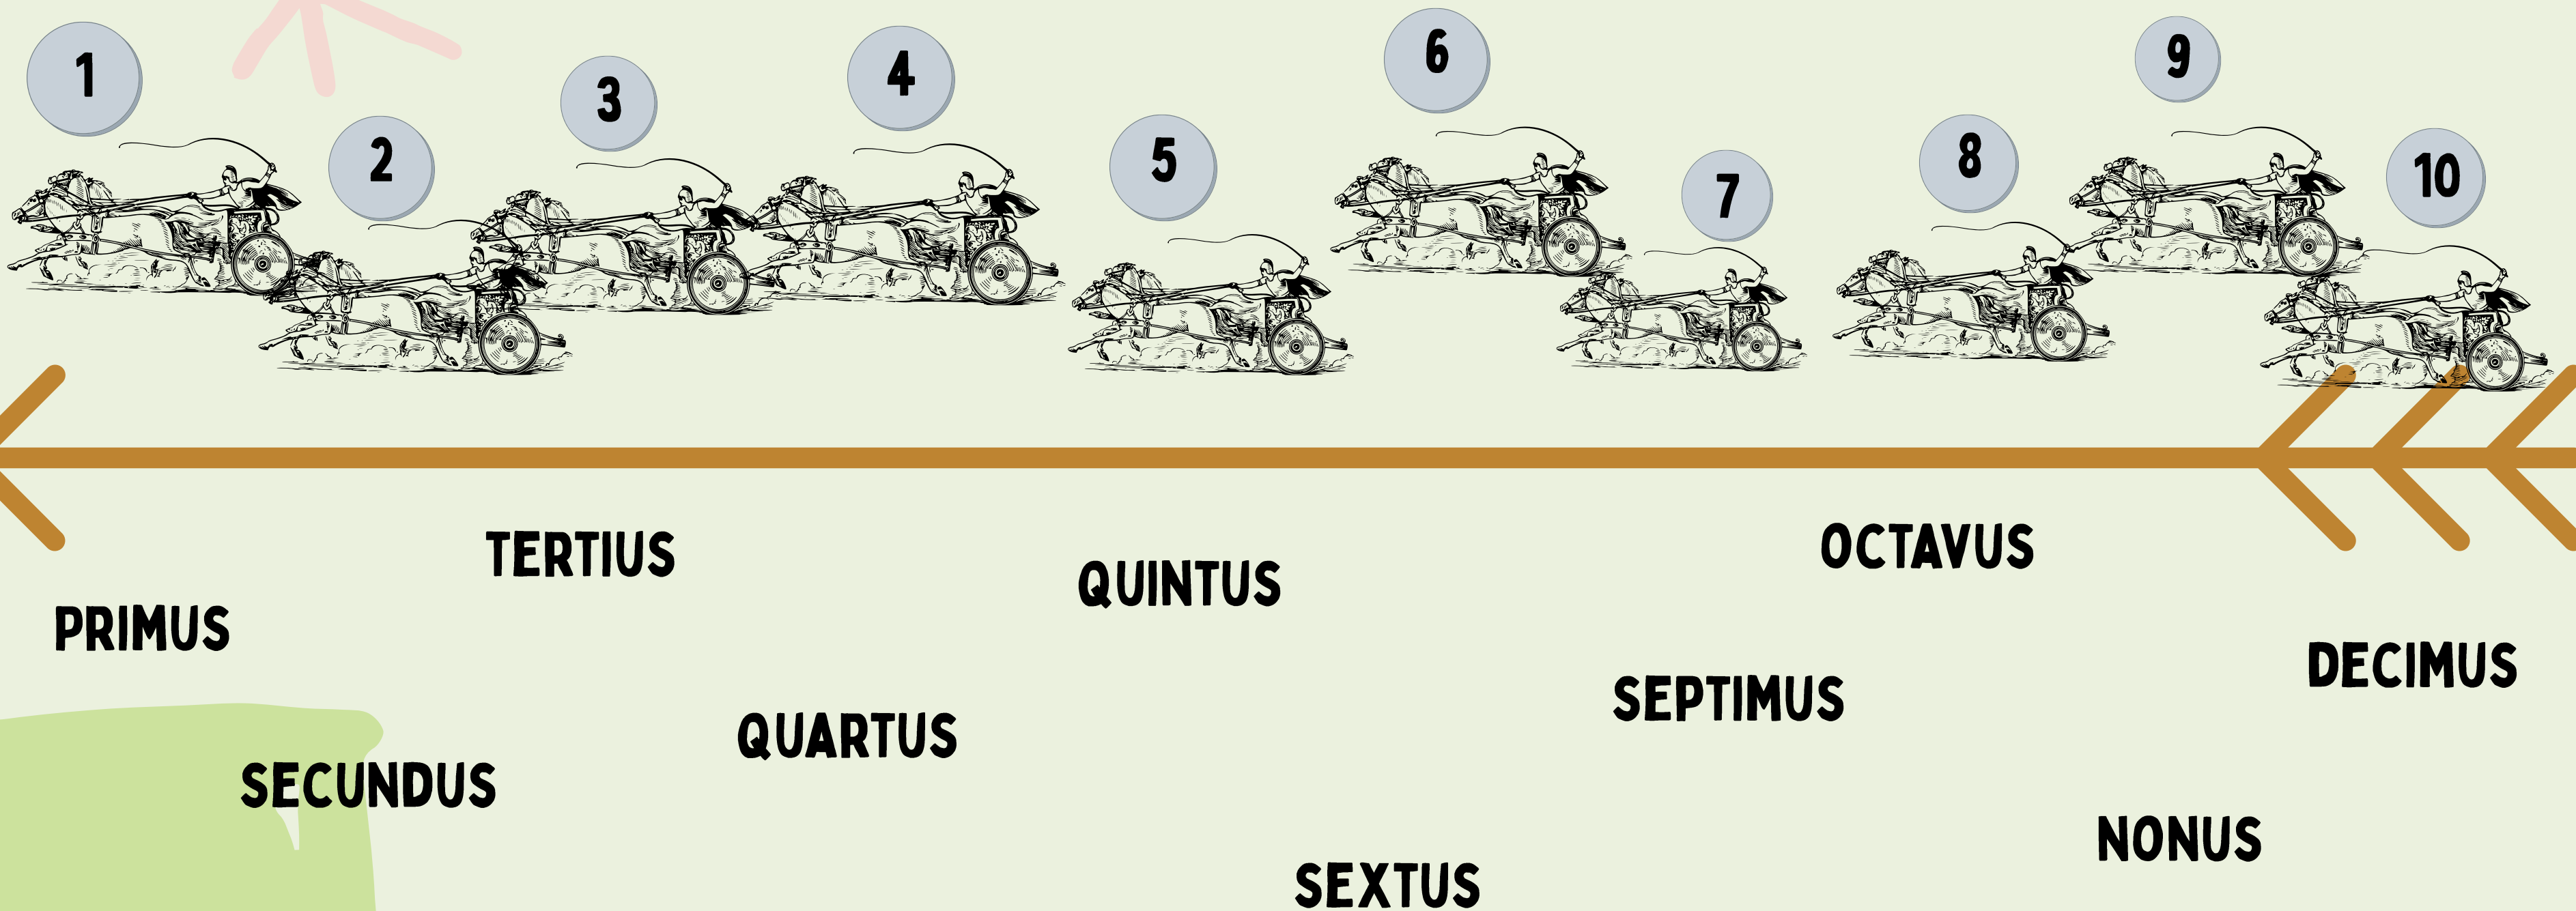

**Are you familiar with ordinal numbers? Surely you already know them in English: first, second, third, etc.**

**You would use them to describe... an order!**

**Romans use them, too! Let's find out**

Romans LOVED chariot races, so they probably used ordinal numbers a lot! Here they are!

Ordinal Numbers: Chariot Race

# Ordinal Numbers: Well Done!

**THAT WAS  
AN EXCITING  
RACE !**

**Now it's time to see if you can remember  
them: maybe you could help our friend, the  
centurion...**

**Colour the centurion following  
the ordinal numbers.**

**PRIMUS = GRAY**

**SECUNDUS = RED**

**TERTIUS = YELLOW**

**QUARTUS = LIGHT BROWN**

**QUINTUS = BLACK**

**SEXTUS = PURPLE**

**SEPTIMUS = LIGHT BLUE**

**OCTAVUS = DARK BROWN**

**NONUS = GREEN**

**DECIMUS = WHITE**

**What's Next: More Counting!**

**THANKS FOR  
COLOURING ME!**

**You have done a truly amazing job today!  
You have learnt so much, it's now time for some  
fun!**

**You will discover that the Romans have a very  
interesting way of counting with their hands...**

**This is how the Romans would use their hands to count: very different from us, don't you think?**

**Counting with your hands**

**HOW WOULD  
YOU SIGN  
YOUR AGE?**

**Thank you so much for coming to our first  
Latin adventure, soldier!  
We really hope you enjoyed it and we also  
hope to see you soon!**

**VALE**

**VALE,  
MY FRIEND!**
